

Greening Your Spring Cleaning Fundraiser

March 1- June 1

The Northbridge Middle School 7th grade students are on a mission to inform others about the dangers of everyday cleaning products as they learn about safer, greener alternatives in their spring Science project, *A Spray for Brighter Day*. Please help them spread the word and support their online Green Clean fundraiser with E-cloth. It's just in time for Spring Cleaning!

Developed for Swedish hospitals, E-cloth is the highest quality microfiber in the world and has won awards from Good Housekeeping for the last 3 years. The exceptional cleaning power of E-cloth and *just* water provides a revolutionary way to clean without chemicals, a good investment in your family's health and budget, a smart alternative to wasteful paper towels and surface toxic cleaners and a simple way to go green, cut back on consumption and live more sustainably. Visit <http://green4myschool.com/> to learn more about E-cloth and to watch a video clip when Channel 5's David Brown dropped by our 7th grade science class last spring.

Ordering E-cloth is easy:

- * Go to <http://green4myschool.com/>
- * click on "Buy for my school"
- * select "Northbridge Middle School" from the drop down menu
- * Fill in amount you wish to order and click "add to cart". You will go to a secure shopping cart to complete the transaction

The Science Department will receive 40% profit from sales and the money will be used to offset field trips in *all* the Northbridge Middle School grades! Go Green!
