

Responsive Classroom Training Opportunity

For Teachers in Grades PK-8!

Join us for this exciting, rewarding training opportunity! The Northbridge School District will be offering a week-long training session to certify teachers to use the Responsive Classroom program in their classrooms. The Responsive Classroom approach emphasizes the incorporation of a social-emotional curriculum that supports student academic growth and interactions, and builds a positive, collaborative, respectful learning environment.

The training will take place at the high school from July 5-9 from 8:30-3:30 (the last day ends at 12:30). This training is voluntary (no stipends), but participants will earn PDP's. We are also working to offer teachers the opportunity to get graduate credits for a small fee.

If you are interested in signing up for this training, please contact Nancy Spitulnik (nspitulnik@nps.org) by Wednesday, March 31st.
